Meet the teacher

WELCOME TO GRADE 2! My name is Ms. Mulcahy, I am SO excited to be the second- grade teacher this year at St. Francis of Assisi School! It is going to be a fun year full of learning and new adventures, and I can't wait to see what the year has in store for us! I can't wait to meet you and begin our year of learning, discovery, and fun together. I know you're going to love second grade!

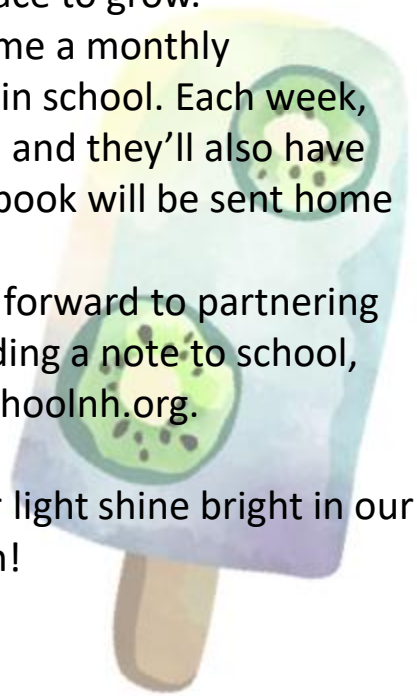
I've been teaching for eight years, working with both first and second grade students in a variety of school settings. I LOVE teaching. I'm passionate about creating a classroom where learning is hands-on, engaging, and joyful. I have a master's degree in Elementary Education and believe that every child learns best when they feel supported and challenged.

I live a very active life with my two young children, Rylan (5) and Josie (3), and when I'm not in the classroom, I love being outside and playing with them. I was also a Division 1 lacrosse player in college, and many of the lessons I learned on the field help me be the teacher and leader I am today.

In our classroom, students will be encouraged to learn in the ways that work best for them. Whether that's at a desk, on the floor, or at a table with classmates, our learning space will be a busy, comfortable, and exciting place to grow.

Communication is very important. I'll be sending home a monthly newsletter to keep you informed about what we're doing in school. Each week, your child will bring home a folder with important papers, and they'll also have homework three to four nights per week. An assignment book will be sent home daily and should be signed by a parent or guardian.

Parents, I welcome your thoughts and questions and look forward to partnering with you throughout the year. You can contact me by sending a note to school, calling the office, or emailing me at mulcahyc@stfrancisschoolnh.org.

YOU are the light of the world and I can't wait to see your light shine bright in our second- grade classroom very soon!


Warmly, Ms. Mulcahy
